

Blackhawk Booster Club

Greetings Blackhawk Fans!

The 2024-2025 Blackhawk Booster Club membership drive is underway. The annual membership drive is one of the main revenue sources that have enabled the Blackhawk Booster Club to make donations in excess of \$28,000 per year in recent years.

We hope to continue this tradition in the 2024-2025 school year, but need your help to meet our goal with either an **Individual** or **Family** membership. Your membership is a tax deductible donation that helps fund requests from coaches to purchase equipment or fund activities outside of their school budgets. Membership includes a Blackhawk car decal, discount at the Glow Golf Outing, and an invite to the Winter Social following the Wall of Fame Ceremony. Help us meet our goal of 200 family memberships!

Where the money goes...

Two important Booster Club donations help cover the athletic trainer and athletic awards. In addition, we work closely with the Athletic Director to provide additional equipment & supplies for individual sports. For 2023-2024, this included:
